

### FIELD TRIP AUTHORIZATION

As part of the Clara Barton Center for Children's learning program, your child may have the opportunity to participate in field trips planned and supervised by the classroom teachers. There are two types of field trips: walks in the neighborhood to observe nature and learn about our community; and driving trips to such places as a nature center, museum, or puppet theater performance.

In the case of driving trips, transportation will be provided by parents in private cars or a contracted bus service. When transported by parents, every child must be secured in a car seat or child booster seat, according to the requirements of Maryland law. Parents/guardians will be notified beforehand regarding the details of all field trips, other than walking field trips.

I give permission for my child, \_\_\_\_\_, to participate in Clara Barton Center for Children field trips as described above.
